Why are you running?	My involvement in the Harambee neighborhood these past few years has helped me better understand the positive role this NID can have in the community. There is a high level of interest to improve the area. I wish to be part of this effort that recognizes and supports resident's opinions and needs.
Please describe any previous community involvement or volunteerism.	This past year I participated in many activities at the Riverworks Holton Avenue site, i.e., spring plant sale, weekend markets, and gatherings. The efforts to recognize some outstanding examples of home landscaping in the community raised awareness and community pride. I was particularly proud to be part of the Riverworks role in developing a home improvement loan application process that is simple and meets the housing needs of more residents.
What other professional experience do you bring to the Board or the Commission?	I have a degree in Community Education from the University of Wisconsin -Milwaukee. I have an MBA in Business Administration from Cardinal Stritch University and a Ph.D. in Education from UWM-Milwaukee. I am past president of LULAC (League of United Latin American Citizens) Milwaukee, Kenosha and Racine Chapters.
